REMINDERS (From page 24)

For instance phosphorus really is needed only once a season, it does not leach out of the soil. Naturally your nitrogen leaches out most rapidly but the average should be low anyhow. A recommendation coming from Gainesville is a 10-2-10 for the best all over result. In the spring a good gob of cow manure is bound to be beneficial to the plants and mill organite will always give them a good push early in the season. The main thing is most folks fertilize too heavy and too often. Learning to read the foliage will tell you what to do and when.

At least every month to six weeks the plants will need minor elements to do their best. Foliage spray does wonders. A teaspoon full makes 10 gallons and should not be exceeded. One method is to get a large neck gallon jar, put in a teaspoon of concentrated minor elements in powder form, then 10 cups of water. When you want to use just draw out a cup of this mix add water, enough to make the gallon. Then you are ready.

See you at the shows this season. Good luck.

The Old Bach admits that wild horses couldn't drag a secret out of most women. However, he sadly concludes, they seldom have lunch with wild horses.

CALIFORNIA HIBISCUS QUEENS

Two Santa Ana High School students, both Y-Teen members, will share honors as Miss Hibiscus during the month of April which has been designated "Let's Improve Santa Ana Month" by Mayor Tom McMichael.

Sharing title honors of Miss Hibiscus are Patricia Doering, daughter of the John Doerings of 2216 North Greenbrier, and Ingrid Scott, daughter of the Henderson Scotts of 1202 North Fairlawn, Santa Ana. They will reign over community affairs during the period of the campaign, after being formally presented to the City Council of Santa Ana and at a luncheon scheduled for April 6 at Bullock's Fashion Square.

The announcement was made at the conclusion of the YWCA Fashion Show held Saturday, March 23rd. Mrs. Weston Walker, representing the organization known as LISA (Let's Improve Santa Ana) introduced Mrs. Tom McMichael who presented each honoree with a bouquet of pink hibiscus.

The hibiscus is Santa Ana's official flower, having been selected because of its magnificent blossoms.
